INTRODUCTION

Facing Up was first published in 1967 as a joint project of the Division of Educational Research and Statistics (now the Division of Management Information Services) and the Office of Public Information and Publications (now the Office of Community Relations) to provide selected statistical data about Virginia's public schools. *Facing Up* has been updated annually since that time.

To clairfy some of the figures reported in *Facing Up*, the following definitions are provided:

Membership is the number of pupils belonging to a school unit at any given time. The total number of pupils present and absent on any given day is the membership for that day.

Average Daily Membership (ADM) is the average number of pupils belonging each day in a room, school, or school system for the period of report. ADM is determined by dividing the sum of the days present and absent of all pupils when school is in session during a given period by the number of days school is in session during this period.

March 31 Average Daily Membership is the average daily membership for the first seven months (or equivalent period) of the school year.

End-of-Year Average Daily Membership is the average daily membership for the entire school year.

September 30 Membership is the sum of pupils present and absent on September 30 or the school day closest to September 30.

End-of-Year Membership is the sum of pupils present and absent on the last day of the school year.

[1]Standard 8 B of the *1986-88 Standards of Quality* states:
Certified instructional personnel employed by a school division shall be assigned in such a way as to result in a division-wide ratio of pupils in average daily membership to full-time equivalent teaching positions in grades K-6 which is not greater than 25 to 1, excluding special education teachers, principals, assistant principals, counselors, and librarians.

[2]As reported in the *Annual Report of the Superintendent of Public Instruction*.

[3]Through 1984-85, FTEs and expenditures for regional program classroom teaching personnel were included in average salary calculations for participating LEAs. Since 1984-85, these expenditures and FTEs have been reported separately by each regional program. For 1985-86, the average salary of classroom teaching positions including regional programs is $23,093. For 1986-87, the adjusted statewide average salary including regional programs is $25,035.

[1]Beginning in 1986-1987, instructional personnel positions include only principals, assistant principals, guidance counselors, librarians and teachers. Prior to 1986-87, instructional supervisor and visiting teacher positions were also included.
[2]Salary data are based on total funds expended for instructional salaries regardless of source.
[3]Positions paid with state and local funds but not with federal funds.
[4]Unadjusted ADM.
[5]Standard 8 A of the *1986-88 Standards of Quality* states:
Each school division shall employ with state and local basic, special education, and vocational education funds a minimun number of certified instructional personnel (full-time equivalent) for each 1,000 students in average daily membership as set forth in the Appropriations Act; certain of such full-time equivalent instructional positions shall be funded from basic school aid pursuant to the Appropriations Act. [The Appropriations Act requires 58.3 certified instructional personnel per 1,000 students in ADM.]
[6]Through 1985-86, expenditures and FTEs for instructional supervisors and visiting teachers were included in average salary calculations for LEAs. In 1986-87, these expenditures and FTEs were moved from the instruction component to the support component for the budgeting processes related to costing out the Standards of Quality. This difference should be considered when comparing average salaries across 1985-86 and 1986-87. The state average salary for LEAs for 1986-87 including instructional supervisors and visiting teachers is $25,967.
[7]Alleghany Highlands is the merger of Alleghany County and Clifton Forge City.
[8]Bedford County data include Bedford City.
[9]Fairfax County data include Fairfax City.
[10]Greensville County data include Emporia City.
[11]Williamsburg City data include James City County.
[12]Beginning in 1988-89, school divisions must provide the state and locally funded instructional positions per 1,000 pupils as required in the Appropriations Act, excluding FTEs for instructional supervisors and visiting teachers. However, for 1986-87 and 1987-88, instructional supervisor and visiting teacher FTEs may be used in meeting the requirements of the Standards of Quality. For Virginia Beach, the number of instructional positions per 1,000 students including instructional supervisors and visiting teachers is 59.8.
[13]Beginning in 1985-86, FTEs and expenditures for regional programs were reported separately from LEA expenditures and FTEs. The state average instructional salary including regional programs is $23,951 for 1985-86 and $25,666 for 1986-87. The 1986-87 average salary adjusted for regional vocational and special education programs does not include instructional supervisors and visiting teachers.

[1]Listed in this table are the division-by-division and statewide results from the Virginia State Assessment Program. The results are reported in percentile equivalents of average scores; i.e., the average scores (for a division or the State) are compared with the scores of a national norm group (national sample of students). A percentile equivalent of 54 indicates that the average score is higher than the scores of 54 percent of students in the national norm group and that 46% scored as well or better. The 50th percentile represents an average score for students nationwide. Test scores are not precise measurements; therefore, differences of several percentile points may not be significant.

[2]The Science Research Associates (SRA) Achievement Series is a test battery designed to measure a student's status in the major skill and content areas.

[3]The Educational Ability Series (EAS) is designed to provide an estimate of a student's ability to do grade level work.

[4]Alleghany Highlands is the merger of Alleghany County and Clifton Forge City.

[5]Bedford County data include Bedford City.

[6]Fairfax County data include Fairfax City.

[7]Grayson County data include the town of Fries.

[8]Greensville County data include Emporia City.

[9]South Boston grade 8 and grade 11 students attend Halifax County schools.

[10]Williamsburg City data include James City County.

[11]Lexington grade 11 students attend Rockbridge County schools.

[1]As required by the Appropriations Act of the 1986 General Assembly.
[2]The Local Composite Index is multiplied by .5 since the Basic Aid Distribution Formula provides that the cost of the Standards of Quality program shall be apportioned between the State and school divisions of average ability to pay on an equal basis. There is also a provision that a locality whose composite index multiplied by .5 exceeds .8000 shall be considered as having an index of .8000 for purposes of distributing basic aid payments.
[3]The data have been adjusted to reflect the following annexations which were effective January 1, 1986: part of Augusta County by Waynesboro; and part of Southampton County by Franklin City.

CALCULATION OF THE COMPOSITE INDEX OF LOCAL ABILITY-TO-PAY

$$.5^{*}\left[\frac{\frac{\text{Local True Value of Real Property}}{\text{Local Average Daily Membership}}}{\frac{\text{Total Local True Values of Real Property Statewide}}{\text{Total Average Daily Membership Statewide}}}\right] + .4^{*}\left[\frac{\frac{\text{Local Personal Income}}{\text{Local Average Daily Membership}}}{\frac{\text{Total Personal Income Statewide}}{\text{Total Average Daily Membership Statewide}}}\right] + .1^{*}\left[\frac{\frac{\text{Local Taxable Retail Sales}}{\text{Local Average Daily Membership}}}{\frac{\text{Total Taxable Retail Sales Statewide}}{\text{Total Average Daily Membership Statewide}}}\right] = \text{Average Daily Membership Composite Index}$$

$$.5^{*}\left[\frac{\frac{\text{Local True Value of Real Property}}{\text{Local Population}}}{\frac{\text{Total Local True Values of Real Property Statewide}}{\text{State Population}}}\right] + .4^{*}\left[\frac{\frac{\text{Local Personal Income}}{\text{Local Population}}}{\frac{\text{Total Personal Income Statewide}}{\text{State Population}}}\right] + .1^{*}\left[\frac{\frac{\text{Local Taxable Retail Sales}}{\text{Local Population}}}{\frac{\text{Total Taxable Retail Sales Statewide}}{\text{State Population}}}\right] = \text{Per Capita Composite Index}$$

$$[.6667 \times \text{Average Daily Membership Composite Index}] + [.3333 \times \text{Per Capita Composite Index}] = \text{Local Composite Index}$$

*The constants (.5, .4, and .1) represent the average share of local revenues gathered from real property taxes, charges and miscellaneous revenue, and the 1 percent local option sales tax, respectively. Personal income data are used in the above formula as a proxy for the taxes derived from local charges and miscellaneous revenue because detailed information on the latter is not available. This is specified in the Appropriations Act.

[1]Operations include regular day school, school food services, summer school, adult education, and other educational programs, but do not include capital outlay, debt service, and refunds.
[2]Support by sources may not equal total expenditures due to rounding.
[3]Sales Tax amount for the fiscal year is determined by month of receipt, not month of collection.
[4]Beginning in 1980-81, State contributions for Social Security, Virginia Supplemental Retirement System, and Group Life Insurance are included in the expenditures for operations for local school divisions. Prior to 1980-81, these were reported as state-level expenditures.
[5]Alleghany Highlands is the merger of Alleghany County and Clifton Forge City.
[6]Bedford County data include Bedford City.
[7]Greensville County data include Emporia City.
[8]Williamsburg City data include James City County.
[9]These data include expenditures made by the local school divisions on behalf of state operated education programs (hospitals, clinics, and detention homes) located within the local school divisions.

SUMMARY	PER PUPIL IN ADM
Cost of operation per pupil based on total expenditure for operation through county, town, and city school boards	$3,708
Cost of operation per pupil based on state-level expenditures for public education	$ 30
Total cost of operations per pupil	$3,738

[1]Operations include regular day school, school food services, summer schools, adult education, and other educational programs, but do not include capital outlay, debt service, and refunds.
[2]Sales Tax amount for the fiscal year is determined by month of receipt, not month of collection.
[3]Does not include per pupil expenditure from State Retail Sales and Use Tax Funds.
[4]Beginning in 1980-81, State contributions for Social Security, Virginia Supplemental Retirement System, and Group Life Insurance are included in the expenditures for operations for local school divisions. Prior to 1980-81, these were reported as state-level expenditures.
[5]The sum of local, state, and federal per pupil amounts may not equal the total per pupil amount due to rounding.
[6]Alleghany Highlands is the merger of Alleghany County and Clifton Forge City.
[7]Bedford County data include Bedford City.
[8]Greensville County data include Emporia City.
[9]Williamsburg City data include James City County.
[10]These data include expenditures made by the local school divisions on behalf of state operated education programs (hospitals, clinics, and detention homes) located within the local school divisions.
